### VOLUNTARY STATEMENT

I, Cueria Washington, make the following voluntary statement to (APM) Troy, who had identified himself/herself to me as an Asset Protection Manager of the Walgreens Family of Companies. No promises have been made, nor have I been threatened or mistreated by Troy or anyone else into giving this voluntary statement.

I am currently a (position code) \_\_\_\_\_, at Store # 4489, address 3387 Broadway Avenue. I have worked for the Walgreens Family of Companies since: 2015.

On 10/08 - 10/13 Gregory rang me up for several items that I purchased in the store before leaving for Charleston S.C. to my grand-father's funeral. I was on my phone and laughing and joking with my phone call as the transaction was being processed. I left the store after paying for all of the items when I returned to work on middle/end of October manager Luis brought it to my attention that Gregory modified many items for me. I had NO knowledge of him doing so. Luis then told me it's not a problem at all. Gregory has been doing this for several other people. I have nothing to worry about. Joel the APM then told me to repurchase all the items at the right price. I then did so. I repayed for every single item with NO issue at all. They just said and Joel then told me everything was fine. Another time maybe few days next

After my store was changed began working in New store @ 125 Broadway shortly after open the store was robbed at gun point my face was fractured and my ankle was sprained then I was on compensation for 3 months I came back to work and the first day back LP was here waiting for me he then accused me of having a financial situation b/c Gregory modified items for me that I already paid back months ago and after paying back those items Gregory never rang me up afterwards so I'm very confused about how this company can accuse me of being in a financial bind and reach out to me after Gregory modified something on his own and I did right by paying and returning All those items but not 1 person reached out to me after being Robbed while working for this company @ gun point due to lack of employees wanting to come to work including manager where I was forced to open by myself.
